The Nursery provision at the Centre is delivered through the Maintained Nursery School which follows the Admission Criteria set down by Wigan Local Authority.

In the first instance, priority will be given to children residing within Wigan Borough.

1. Children in public care.
2. Children identified by the LA as having learning difficulties or a disability greater than most other children and will benefit from early integration; the referral of such children will be via the Children and Young People's Special Needs Section.
3. The child has particular social, medical or language needs

NB Appropriate objective evidence will need to be supplied of the above and referral would normally be via other professional agencies, such as Social Services.

It is also envisaged that the total number of places allocated according to these criteria would form only a relatively small proportion of the total number of children attending the nursery.

4. The 'Rising 4' cohort, in order to maximise the opportunities for children to receive at least one year of nursery education before starting school. The majority of places will be allocated to this cohort of children.
5. Distance from the school: this is to be measured in a straight line distance between the front door of the family home and a central point in the nursery.

This criterion would be applied to the entire 'Rising 4' cohort after application of categories 2 and 3.

Admission to nursery – 30 Hour Free Entitlement

30 free hours will be available to families where both parents are working (or the sole parent is working in a lone parent family), and each parent earns, on average, a weekly minimum equivalent to 16 hours at national minimum wage (NMW) or national living wage (NLW), and less than £100,000 per year. Working will include employed and self-employed persons. Parents do not necessarily need to actually work 16 hours a week, but rather their earnings must reflect at least 16 hours of work at NMW or NLW, which is £107 a week at the current NMW rate. This includes those parents on zero contract hours who meet the criteria.
